It takes a village to raise a child. So too, it takes all kinds of skill sets to raise a community whose youth model eco-friendly, sustainable ways. Will you join us in this labor of love?

Whether you enjoy clerical or administrative projects, training youth, mentoring or assisting instructors, helping prepare the meals we serve students and volunteers, or whatever other skills you enjoy sharing, we need you to help promote a greener way of living in a caring global community.

Come for a tour. Have a light lunch with us and see if this is the volunteer position you have always dreamed of enjoying!
